

*"KITCHEN CABINETS WORTH OWNING"*

DISCOVER THE DIFFERENCE

Thank you for considering Kountry Wood Products for your cabinetry needs.

Our family-owned business was founded on the basic philosophy of building a quality product, selling it at a reasonable price, delivering it on time, and providing excellent customer service. We valued the heritage of our country which made it such a good place to call home and brought that heritage into an American owned and American made company.

For over 20 years, Kountry Wood has held true to these principles while manufacturing stock kitchen, bathroom and other household cabinetry in Nappanee, Indiana - the heartland of America. We take this history seriously by continuing to provide jobs to American workers in our community and by purchasing materials from local suppliers.

We are Americans making and selling American cabinets - cabinets that truly are worth owning. We hope that you find our products to be the right choice for you.

Sincerely,

Ola Yoder  
CEO
